Academic Programs (including Minors/Certificates that have data on 20 or more students every other year)

2023 – Odd Years

- May 15th: Data collection is due for 22-23 year
- November 1st: Analysis of Data and Action Plans are required based on the past two years of data. Additionally, revision of current plans (i.e. SLOs, assessment methods, curriculum map, link to strategic plan, etc). If no changes, current plan will rollover.
- December 1st to 15th: Reviewer Rubrics

2024 – Even Years

- Implement the actions you developed in Fall 2023.
- January 15th: Deadline for directors to make changes based on reviewer rubric feedback.
- May 15th: Data collection is due for 23-24 year. Only data, no analysis, no actions, just data.

2025 – Odd Years

- May 15th: Data collection is due for 24-25 year
- November 1st: Analysis of Data and Action Plans are required based on the past two years of data. Additionally, revision of current plans (i.e. SLOs, assessment methods, curriculum map, link to strategic plan, etc). If no changes, current plan will rollover.
- December 1st to 15th: Reviewer Rubrics

2026 – Even Years

- Implement the actions you developed in Fall 2025.
- January 15th: Deadline for directors to make changes based on reviewer rubric feedback.
- May 15th: Data collection is due for 25-26 year. Only data, no analysis, no actions, just data.
Low-Enrollment Academic Programs
