Early Childhood Education BS - Student Learning Outcomes (SLOs)

01 Use Assessment to Plan Instruction
Teacher candidates design and implement an effective unit of instruction, and then evaluate and reflect on the impact that instruction had on students.

02 Lesson Planning and Content Delivery
Early Childhood Teacher Education Candidates will plan and teach effective lessons, with attention to accuracy and appropriateness of content. Candidates will integrate content from multiple disciplines, and/or integrate academic content with technology, fine art, and/or movement/health.

03 Knowledge & Understanding of Child Development and Influence in Families
Teacher candidates demonstrate knowledge of key principles of child development, including the influence of family.
