Students will be able to analyze urban design challenges in a diverse array of national and international contexts and infer appropriate solutions.

Analyze Urban Design Challenges

Students will develop comprehensive design skills that can be applied to local, regional, national and international urban design issues and challenges.

Design Skills

Program graduates will be able to identify, classify, and define, specific architectural and urban design ideas and forms in Charleston, the Low Country, the nation, and the globe.

Architectural and Urban Design Ideas and Forms

Graduates will recognize planning policy issues and real estate challenges that are affected by social, economic, environmental, ethical, scientific and political challenges in the 21st Century.

Planning Policy Issues and Real Estate Challenges
