Performing Arts MAT – Student Learning Outcomes (SLOs)

**Technical Competency**
Teacher candidates will demonstrate for theatre: directing, acting and technical competency and for music: conducting, vocal and keyboard performance competency.

**Child Development within Arts Education**
Teacher candidates will recognize and explain child development and identify and understand psychological principles of learning as these relate to theatre and music education.

**Philosophical and Social Foundation**
Teacher candidates recognize and explain the philosophical and social foundation underlying theatre and music in education and the ability to express a rationale for personal attitudes and beliefs.
