Theatre BA/Minor – Student Learning Outcomes (SLOs)

01 COLLABORATE
Students will Collaborate within and beyond the field of theatre by applying skills and knowledge from across theatrical production, design, and performance areas to communicate ideas and negotiate group process.

02 INTERPRET
Students will Interpret dramatic texts, theatrical performances, and cultural histories using the discipline’s critical thinking, creativity, and organizational skills in ways that demonstrate an understanding of the multi-faceted nature of theatre as a valuable artistic and social action.

03 CREATE
Students will Create work that demonstrates an application of theory to theatrical practice.
