Computer Science BS - Student Learning Outcomes (SLOs)

OUTCOME 1
Graduates of the program will have an ability to analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.

OUTCOME 2
Graduates of the program will have an ability to design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program’s discipline.

OUTCOME 3
Graduates of the program will have an ability to communicate effectively in a variety of professional context.

SLOs
- Design, Implement, and Evaluate Computer-Based Solutions
- Analyze Problems and Apply Principles to Identify Solutions
- Communicate Effectively
